

# Spetchley Park — Gardens —

## Learning in the Gardens

Suitable for KS1 and KS2

Filled with various beautiful plants, flowers and trees Spetchley Park Gardens are a wondrous mix of colour and vibrancy. Focusing on the seasons students are encouraged to identify plants, flowers and trees and engage with their environment to solve mathematical questions.

The activity lasts 1 hour 30 minutes and takes place in the Gardens using worksheets and trails. Trail sheets are seasonal so please contact us if you wish to focus on any particular plants, flowers or trees.

Subjects: Art, Science, Maths
